Fabio's Christmas Message

Hello. This is Fabio Antonio. Thank you for listening to and reading *Merriest Christmas*. Hope it is an album that brings you enjoyment, fulfillment and reflections about our times. These songs are very special for me, because I wrote all of them, with the exception, of course, of *Christmas Time Is Here*. This is *A Cappella*, pure and simple. I ask you very humbly to be patient with my singing, because I am still learning. Every day. Happy Holidays! Happy times! Happy life! Merry Christmas! Happy Christmas! Love, Fabio.

Dreamy Christmas 🌥️🌧️

A holiday without your smile

Is not the same

There is no comparison anyway

The winter is colder

The wind is the windiest

No warm embrace at all

Sun seems to disappear

At Christmas without you near.

My dreamy Christmas is reality

When I am with you

At the fireside

I cry and cry

Tears are too salty

Heaven is heavy

Not light at all

Perhaps I didn't know Heaven

Without you at all

Please, my darling

I beg

Come back

Even the fireside is not hot

Fire is weak during all the plot

That is the narrative of my anguish affair

That leaves me without any air

Everywhere

Christmas Atmosphere

We see through the year

Much misery and fear

We must hear

Sounds of despair with tears

Fortunately

When Christmas arrives

Every person welcomes their inner peace

And celebrate life abundantly

Those are the words in our ears

Faces shines in every street

Compassion's circle is complete

No matter if it's winter or summer

Every embrace holds truthful heat

It's Christmas, oh be!

In the Christmas atmosphere

Trees stands in their place strongly

Flowers bloom so beautifully

Faces shines in every street

Compassion's circle is complete

Dance In the Air of Nostrils

Hate is not a beautiful word

Maybe we are used to hear it every place

Nowadays (nowadays)

Or perhaps always (always)

We must spread the word of God

The lovely word of love

And being like Him

In every way

Oh, Jesus

Through Christmas

Help us to love more and more

We must

Love and love

So innocently

Love and love

So gently

Dancing in the air of all nostrils

Dancing in the air of all nostrils

Dancing in the air of all nostrils

That's how we must do!

Terribleness is found with no difficulty (it cannot be)

Whereas kindness sometimes is not easy (no, no, no)

The important is one of us (all of us)

Do our part (all parts)

In the glory of our Lord (and for our own felicity)

The Lord is our dear music

Love is the melody and the lyrics

Because our actions are our dance

Christmas Cheers 🥂

It's not time for bad-humour

Not a time for complains (never is time for them anyway)

If the present is tough

Do be hopeful

Not quarrelsome

Life will have better days

It is no use to be melancholic

All the fun that we must claim

Is here when Christmas cheers

All the gentleness that we must have

Must be here when Christmas is for thee

Michaelmas although it's pleasant

Not always have the solace that we need

Throughout all the year

We see so many atrocities

It doesn't mean that at Christmas

Everything is peaceful

Not at all

But this time gives all (naturally)

A much-needed fortitude

The morale is renewed

At Christmas we are

As we must be all the year

All the fun that we must claim

Is here when Christmas cheers

All the gentleness that we must have

Must be here when Christmas is for thee

Blood from the Grapes 🍇 🍷

Some of us have wine to taste

Meanwhile

Many don't have the blood from the grapes

Don't have sufficiently to say

Life is all the same

Well, isn't

A banquet for few

A simple meal for billions

A simple table

They don't want a feast

Only they want not to be deceased

Enough to live

Some of us have wine to taste

Meanwhile

Many don't have the blood from the grapes

Don't have sufficiently to say

Life is all the same

Not at all the same

For Heaven's sake

Many are suffering

It is not a demographic issue

All over the land of enchantment

Our land

Many are suffering

All over the land of enchantment

Our land

Many are suffering

Some of us have wine to taste

Meanwhile

Many don't have the blood from the grapes

Don't have sufficiently to say

Life is all the same

Food is not given everywhere

Education and healthcare

Are missing all over the place

Life is not the same

Christ Child

He was born in the light of the night

Sometimes we are lost in the gloom of the day

But we all know that we need Him

Anytime of our lives (Anytime of our lives)

Anytime of our lives (Anytime of our lives)

When Christ Child was born

Blessing all the night

So full of grace (for all the races)

And you (and you)

And us (and us)

Forever and ever

In the light of the night

In the gloom of the day

He was Our Lord since birth

Mary conceived through the Holy Spirit
(Mary conceived through the Holy Spirit)

Jesus was born in Bethlehem of Judea

The King of the Jews

The savior of our land

Our eternal Messiah (Messiah)
